

LIVERNOIS RESURFACING PROJECT, MAPLE TO BIG BEAVER, TO START SOON

The Road Commission for Oakland County (RCOC), in partnership with the City of Troy, will resurface Livernois Road from Maple Road to Big Beaver Road. The work will start in late July or early August. The project is expected to be completed by the end of September.

PROJECT DETAILS

This project will involve removing the existing surface, making some repairs to the road base and resurfacing the road with asphalt.

IMPACT ON TRAFFIC

Traffic will be maintained throughout construction. However, the road will be reduced to one lane in each direction with a center turn lane. Expect delays during rush

hours. Alternative routes are recommended.

Access to properties along this section of Livernois Road will be maintained at all times during the project.

COST AND FUNDING

This project is expected to cost approximately \$580,000. It is being paid for by the City of Troy and RCOC with assistance from Oakland County general government through the Tri-Party Program.
