

APPLICATION AND PERMIT FEES AS OF OCTOBER 1, 2021

Each item listed below should be a separate application. Many projects will have more than one permit required – one for approach and related work and another for underground utility connections. Please direct any questions to (248) 858-4835 or permits@rcoc.org. Please make checks payable to the Road Commission for Oakland County. Applications fees are not required for governmental organizations (Municipalities, Public School Districts, Public Libraries, etc.)

RCOC is now accepting digital applications and plan submittals at permits@rcoc.org. Payment can be made by electronic check or credit card (in person or over the phone).
