To provide better roadway facilities to you, the Road Commission for Oakland County has awarded a contract to F. Allied Construction Company for the resurfacing of Clarkston Ranch Estates located in Independence Township, Oakland County, Michigan.

Construction is expected to start approximately Monday, April 13, 2020 and we request your patience during the temporary inconvenience.

Since the new construction will involve a portion of the existing right-of-way, property owners who wish to salvage private facilities such as signs, underground dog fences, flowers, fences, overhanging tree branches, hedges, ornamental rocks, etc., that conflict with the construction, must remove them from the right-of-way as soon as possible.

If you have an in-ground sprinkler system, mark all heads in the right of way with flags or dashed paint lines. This will help to minimize damage and, therefore, costs. Also, if you have a sump pump lead at the road, please mark it.

During the construction of the roadway, your mailbox may also be temporarily reset by the contractor.

Please address the above items by Monday, April 13, 2020.

Should you have any questions concerning this project, please direct your inquiry to Mason Ali, Project Engineer at 248-858-4858 or the Road Commission Inspector at the job site. Please do not contact any of the contractor's personnel since their only obligation is to the Road Commission for Oakland County.

Sincerely,

  
Mason Ali, Project Engineer  
Construction Division
