Re: MSKT Type 2, MASH-Compliant Guardrail Approach Terminal Sole Source Letter

Dear LAP Staff Engineer,

This letter is to confirm that the Road Commission for Oakland County utilizes Road Systems, Inc. as the sole source supplier for the MSKT Type 2 MASH-compliant guardrail approach terminal.

These approach terminals and associated materials are uniform across Oakland county, for ease and efficiency of maintenance, both typical and emergency.

If you have any questions regarding this item, please feel free to contact me at (248) 645-2000.

Sincerely,

Jeff O'Brien
Design Engineer
